

Review Form 3

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_120579
Title of the Manuscript:	EFFECT OF WEATHER PARAMETERS ON DISEASE SEVERITY AND PROGRESSION OF FUSARIUM WILT IN CHILLI (CAPSICUM ANUUM L.)
Type of the Article	Original Research Article

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.	The study is very important for the scientific community. It allows to know the effect of the weather parameters on the evolution of the <i>Fusarium</i> wilt in chilli. This study can help chili's farmers to limit the uses of fungicides.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is complete. But, with some corrections, the abstract will be more comprehensive. I proposed corrections in the manuscript.	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound? Minimum 3-4 sentences may be required for this part.	The subsections of the manuscript respects the characteristics of the original research article. The randomized experimental design and the 05 replicates illustrate the reliability of the results. The estimated parameters are appropriate for the objectives of the study.	
Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.	Many references are recent. In general, references are sufficient.	
Minor REVISION comments Is language/English quality of the article suitable for scholarly communications?	Manuscript translation is a little difficult to understand. And there are a lot of mistakes of conjugation.	
Optional/General comments	In the manuscript, there are very long sentences. The author should narrow them down for more understanding. Moreover, there are several conjugation errors throughout the text. Corrections are directly in the manuscript.
