

Review Form 3

Journal Name:	Journal of Advances in Medicine and Medical Research
Manuscript Number:	Ms_JAMMR_120509
Title of the Manuscript:	BODY COMPOSITION AND NON-INVASIVE CARDIOVASCULAR RISK FACTORS IN URBAN AND RURAL STUDENTS: A STUDY ON PHYSICAL ACTIVITY AND DIET IMPACT
Type of the Article	Original Research Article

Review Form 3

PART 1: Review Comments

<u>Compulsory</u> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<p>Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.</p>	<p>The article is well written. It highlights the importance of practicing physical and sporting activities among adolescents for therapeutic and preventive purposes of the various diseases that can occur at a later age. That said, there is a lack of clarity in the writing of some passages and practical recommendations at the end of the manuscript.</p>	
<p>Is the title of the article suitable? (If not please suggest an alternative title)</p>	<p>correct the second part of the title (it must be consistent with the results found)</p>	
<p>Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.</p>	<p>Remove the introduction part and start directly with the objective of this study</p>	
<p>Are subsections and structure of the manuscript appropriate?</p>	<p>the sections and structure of the manuscript are clear. It remains to review the figures and add a practical recommendations section at the end</p>	
<p>Please write few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound? Minimum 3-4 sentences may be required for this part.</p>	<p>the article has a good methodology and scientific writing</p>	
<p>Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p>	<p>The bibliographic references are recent and current</p>	
<p><u>Minor</u> REVISION comments</p> <p>Is language/English quality of the article suitable for scholarly communications?</p>	<p>the English used in writing this manuscript is quite good</p>	
<p><u>Optional/General</u> comments</p>	<p>BODY COMPOSITION AND NON-INVASIVE CARDIOVASCULAR RISK FACTORS IN URBAN AND RURAL STUDENTS: the benefits of regular physical activity and choice of diet</p> <p>the sections and structure of the manuscript are clear. It remains to review the figures and add a practical recommendations section at the end</p> <p>In the introduction part change the reference Devis et al. (2019) by a numbered one. Same observation for the reference (Methnani et al. 2021). Do the check also in the discussion section and in the Body Composition Assessment section</p>
