

### Review Form 3

Journal Name:	<b>International Journal of Plant &amp; Soil Science</b>
Manuscript Number:	<b>Ms_IJPSS_120712</b>
Title of the Manuscript:	<b>Effect of Boron, Zinc and Sulphur on growth, yield and Mineral Composition of Black gram(Vigna mungo (L) Hepper) in alluvial soil</b>
Type of the Article	

#### **General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

#### **Important Policies regarding Peer Review**

Peer review Comments Approval Policy: <https://r1.reviewerhub.org/peer-review-comments-approval-policy/>

Benefits for Reviewers: <https://r1.reviewerhub.org/benefits-for-reviewers>

## Review Form 3

### PART 1: Review Comments

<b>Compulsory</b> REVISION comments	<b>Reviewer's comment</b>	<b>Author's Feedback</b> (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.</b>	It provides an important of micronutrients in the growth and development of a plant. It determines the importance of various micronutrients in the soil which determines the health of the plant. It will be handy for the farmers or people working in agriculture industries to take this finding in consideration for their works.	
<b>Is the title of the article suitable? (If not please suggest an alternative title)</b>	The title of the article is suitable however capitalizing the words in the title is not consistent. Either it could be "Effect of Boron, Zinc and Sulphur on growth, yield and mineral composition of black gram ( <i>Vigna mungo</i> (L) Hepper) in alluvial soil" or "Effect of Boron, Zinc and Sulphur on Growth, Yield and Mineral Composition of Black Gram( <i>Vigna mungo</i> (L) Hepper) in Alluvial Soil"	
<b>Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.</b>	The abstract of the article is comprehensive, it includes all the required information	
<b>Are subsections and structure of the manuscript appropriate?</b>	<b>YES</b>	
<b>Please write few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound? Minimum 3-4 sentences may be required for this part.</b>	The article follows a scientific writing format. It consists of a experimental setup with proper procedure. There is proper analysis of the data and the result had been shown well.	
<b>Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</b> -	There are sufficient references as per article however, few more reference could be included in the paper to increase the authenticity of the article	
<b>Minor</b> REVISION comments  <b>Is language/English quality of the article suitable for scholarly communications?</b>	There are minor errors in spelling and grammar. Few sentences structure needs to be looked in again and rewrite it. However, overall structure and quality of English is appropriate. Few errors are marked in the manuscript in comment sections	
<b>Optional/General</b> comments	The paper lacks a comprehensive discussion part. It does not states the reason why a particle result had been caused. Moreover it lacks proper comparison with other relevant article to compare the findings with other findings.	

### Review Form 3

#### **PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
