Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.	The manuscript is of great interest in science of plant genetic study, has it reveal the trait of this particular bean in the group of leguminous plant.	
Is the title of the article suitable? (If not please suggest an alternative title)	The article was titled perfectly.	
Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract has to be more detailed and brief.	
Are subsections and structure of the manuscript appropriate?	The manuscript was structured properly.	
Please write few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound? Minimum 3-4 sentences may be required for this part.	In terms of Data provided, the experiment was carefully exhibited, the analysis of the raw Data was scientifically balanced and the review of the literature shows the author has perfectly studied the work of scholars.	
Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.	In fact the author has tried enough to study the recent work and update research and do good by providing enough reference.	
<u>Minor</u> REVISION comments		
Is language/English quality of the article suitable for scholarly communications?	The English used has to be standardized, since it's an international journal, using local word like rabi (probably one season over there) may sound strange in some other part of the world, secondly the grammatical error there in has to be corrected such as (we thanks to.....) which could be a typographical error.	
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
