

**Review Form 3**

Journal Name:	<b>Journal of Experimental Agriculture International</b>
Manuscript Number:	<b>Ms_JEAI_121064</b>
Title of the Manuscript:	<b>Influence of Soil on Crop Performance and Ecosystem Services: A Review</b>
Type of the Article	<b>Review Article</b>

**Review Form 3**

**PART 1: Review Comments**

<b>Compulsory</b> REVISION comments	<b>Reviewer's comment</b>	<b>Author's Feedback</b> (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.</b>	The paper highlights the importance of soil for global food production and the need for the sustainable soil management and to address the threats posed by climate change and human activities. Highlightsthe need to address the complex and multifaceted issue of global soil degradation to maintain the health and resilience of our ecosystems and communities. Quantifying changes to the soil ecosystem is crucial for assessing the effects of management strategies on the soil environment.	
<b>Is the title of the article suitable? (If not please suggest an alternative title)</b>	<b>yes</b>	
<b>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</b>	<b>yes</b>	
<b>Are subsections and structure of the manuscript appropriate?</b>	<b>yes</b>	
<b>Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.</b>	<b>Addressing this issue requires a holistic approach to conservation and management of soils and the larger socio-ecological systems. Identification viz., oil degradation, characterized by the loss of organic matter, nutrient depletion, and disturbance of soil structure, is a major global problem.</b>	
<b>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</b>	<b>yes</b>	
<b>Minor</b> REVISION comments <b>Is the language/English quality of the article suitable for scholarly communications?</b>	Quantification of the crop growth, yield and productivity is require in table	
<b>Optional/General</b> comments		

**PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
