PART1:ReviewComments

| Compulsory REVISIONcomments | Reviewer's comment | Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|---|---|---|
| Please write few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part. | The impact studies are important for the scientific community, but this study failed to indicate its context. I read the entire article but I can't tell where the study was undertaken. | |
| Is the title of the article suitable? (If not, please suggest an alternative title) | The article title should be clear and unambiguous. Please avoid abbreviations or acronyms in the title and also include the context (Which country was the study undertaken) | |
| Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here. | The abstract is very general and does not include key study findings. | |
| Are subsections and structure of the manuscript appropriate? | The subsections and structure of the manuscript are appropriate. | |
| Please write few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? Minimum 3-4 sentences may be required for this part. | The introduction did not cite any existing literature and lack robust theoretical backing or support. The purpose of a literature review is not to reproduce what other researchers have published; it is about analysing the existing research and identifying gaps in research etc. Tables do not have sources and the results are not discussed against existing literature of similar | |
| Are the references sufficient and recent? If you have a suggestion of additional references, please mention in the review form. | References are not sufficient. | |
| Minor REVISION comments | | |
| Is the language/English quality of the article suitable for scholarly communications? | The language used is suitable. | |
| Optional/General comments | None | |
