

**Review Form 1.8**

Journal Name:	<b>Asian Journal of Research in Biochemistry</b>
Manuscript Number:	<b>Ms_AJRB_120112</b>
Title of the Manuscript:	<b>Assessment of Proximate, Mineral, Phytochemical and Antimicrobial Properties of Brassica oleraceae L. Leaf Protein Concentrates</b>
Type of the Article	<b>Original work</b>

## Review Form 1.8

### **PART 1: Review Comments**

<b>Compulsory</b> REVISION comments	<b>Reviewer's comment</b>	<b>Author's Feedback</b> <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Is the manuscript important for scientific community? <i>(Please write few sentences regarding this manuscript to justify your answer)</i>	<b>Yes</b>	
<b>Is the title of the article suitable?</b> (If not please suggest an alternative title)	No, the word leaf protein should be replaced with life concentrate, proteins don't contain minerals and phytochemicals	
<b>Is the abstract of the article comprehensive?</b>	<b>Yes but some corrections need to be effected</b>	
<b>Are subsections and structure of the manuscript appropriate?</b>	<b>So many short paragraphs, the author need to replace leaf protein all over the text with the word leaf concentrate</b>	
<b>Do you think the manuscript is scientifically correct?</b> <i>(Please write few sentences regarding this manuscript to justify your answer)</i>	<b>Yes but minor review is necessary</b>	
<b>Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</b>	<b>Yes though some errors in the spelling of authors names. Beside the references are not properly arranged, they be alphabetically arranged</b>	

**Review Form 1.8**

<p><b>Minor</b> REVISION comments</p> <p>Is language/English quality of the article suitable for scholarly communications?</p>	<p>Yes, some of the words used are inappropriate and the work is poorly punctuated</p>	
<p><b>Optional/General</b> comments</p>	<p>Abstract;            Line 2 replace word bring with provide            Line 4 leaf protein should read leaf concentrate            Introduction            Line 1 What remedies is author inferring            1st paragraph should be merged with second paragraph            2<sup>nd</sup> paragraph should read due to high cost of animal sourced protein            3<sup>rd</sup> paragraph line 5, poorly punctuated            Introduction poorly referenced            Fig 1 should be mentioned in the body of the work            Sample collection            Line 1 should read obtained not gathered            Line 2 name of farmer and location should be mentioned            Sample preparation            The word protein should be replace with leaf concentrate            Results and discussion            All places where leaf protein was used should be replaced with leaf concentrate            References            Not properly arranged, should be in alphabetical order            Okwu and Ndu should be properly written</p>	

**PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>	

**Reviewer Details:**

<p>Name:</p>	<p>Iwu Irenus</p>
<p>Department, University &amp; Country</p>	<p>Federal University of Technology, Nigeria</p>
