PART 1: Review Comments

<u>Compulsory</u> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.	This manuscript offers a valuable contribution to the scientific community by investigating the intricate relationship between digital inclusive finance and corporate R&D investment. By employing a robust empirical analysis based on a panel dataset of Fujian Province listed companies, the study provides novel insights into the mechanisms through which digital finance influences innovation.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title is clear, concise, and informative. It accurately reflects the core focus of the paper: the relationship between digital inclusive finance and corporate R&D investment within a specific geographical context.	
Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.	Your paper's focus and methodology are clearly outlined. The connection between the rapid development of digital inclusive finance and its potential impact on corporate R&D is well-established. Your choice of research sample and data sources also appears sound	
Are subsections and structure of the manuscript appropriate?	Overall, the structure of your manuscript follows a standard academic format and is generally appropriate. You've clearly outlined the introduction, literature review, methodology, and conclusions but suggestions are to expand on the limitations section and Analyze your results in depth, comparing them with previous studies and offering explanations for unexpected findings.	
Please write few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound? Minimum 3-4 sentences may be required for this part.	Overall, the manuscript exhibits a strong methodological approach and a clear focus on providing valuable insights into the relationship between digital inclusive finance and corporate R&D investment in Fujian Province.	
Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.	While the references cover relevant journals, consider including sources from different publication types like conferences or reputable online sources (if relevant to your field).	
<u>Minor</u> REVISION comments Is language/English quality of the article suitable for scholarly communications?	Overall, the language and English quality of the article are suitable for scholarly communication. The text is clear, coherent, and effectively conveys the research objectives, methodology, and findings.	
<u>Optional/General</u> comments
