PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.	It was important to be conducted. I like treatments incorporated for this experiment.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title should be corrected. The crop barley has to be identified whether it is malt barley or food barley. I suggest the title to be: Determining the effect of Integrated Nutrient Management on Growth and Yield of Barley (Hordeum vulgare L.) in Rajasthan India	
Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.	NO, I put my suggestion on the manuscript	
Are subsections and structure of the manuscript appropriate?	No, especially, under materials and methods there should be subsections but the author did not structured the manuscript very well.	
Please write few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound? Minimum 3-4 sentences may be required for this part.	This manuscript is not written very well. I recommend the author to rewrite this manuscript starting from title.	
Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.	The Author should add some recent references.
