Manuscript Number:	<b>Ms_AJARR_120809</b>
Title of the Manuscript:	<b>ASSESSMENT OF NEXUS BETWEEN BUILDING CHARACTERISTICS AND CLIMATE CHANGE EXPERIENCES ON HOUSING QUALITIES OF THE RESIDENTS OF AYETORO COMMUNITY, ONDO STATE.</b>
Type of the Article	

**Review Form 3**

**PART 1: Review Comments**

<b>Compulsory</b> REVISION comments	<b>Reviewer's comment</b>	<b>Author's Feedback</b> <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.	This manuscript is important in itself because it raises the issue of people's adaptation to climate change. And it is the design and construction of housing for such a country as Nigeria that is extremely important, since it is here that the influence of the climate is most observed.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title of the article fully corresponds to its content	
Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is comprehensive, briefly reveals the content of the entire article, and makes it interesting to read it in its entirety.	
Are subsections and structure of the manuscript appropriate?	Subdivisions and structure completely correspond to the manuscript	
Please write few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound? Minimum 3-4 sentences may be required for this part.	This manuscript clearly and clearly describes the methods used by the researcher in the study of such an interesting problem. From the point of view of the technologies described in the article, it can be said that the author has deeply delved into the problem before him	
Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.	All references are sufficient and fresh, and do not require additional sources of literature	
Minor REVISION comments		
Is language/English quality of the article suitable for scholarly communications?	The English language is fully suitable and qualitative for further scientific communication.	
<b>Optional/General</b> comments	This manuscript is very interesting and can be published for the perusal of all scientists who carry out their research in this field	

**PART 2:**
