Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.	Idea of study is quite interesting. It is also addressing the question like why we need to study the biochemical analysis for the caterpillar which is being utilised by aboriginal people there. I find it good to be published for awareness purpose.	
Is the title of the article suitable? (If not please suggest an alternative title)	No suggestion for title. It is total justiciable	
Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, suggestion has been given in comments in revised manuscript.	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound? Minimum 3-4 sentences may be required for this part.	Some sentences need improvement. Grammatical errors need to be addressed. Except this, it is all good from my side	
Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.	Yes it is fine	
Minor REVISION comments Is language/English quality of the article suitable for scholarly communications?	Yes, it is suitable. Some improvements I have raised in reviewed file. After incorporating it is ready to be published.	
Optional/General comments	Idea of study is quite interesting and focussed on question to be addressed at given place.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes. Kindly please write down the ethical issues here in details)</i>
