

Review Form 3

Journal Name:	Asian Journal of Soil Science and Plant Nutrition
Manuscript Number:	Ms_AJSSPN_120284
Title of the Manuscript:	Effect of Different Organic and Inorganic Fertilizers On Growth Parametes of Soybean (Glycine max L. Merr.)
Type of the Article	Original Research Article

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<p>Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.</p>	<p>Soy bean is an important crop, being an excellent source of vegetable protein; it is an important ingredient of human diet. Supply of quality food nowadays would have become necessary because of indiscriminate used of pesticides and synthetic fertilizers. Therefore, integration of organic sources to supply essential plant nutrient is necessary. Such type of researches is the needs of the day to promote the other researchers and farmers to opt sustainable and eco-friendly production technology.</p>	
<p>Is the title of the article suitable? (If not please suggest an alternative title)</p>	<p>Yes</p>	
<p>Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.</p>	<p>Good</p>	
<p>Are subsections and structure of the manuscript appropriate?</p>	<p>Yes</p>	
<p>Please write few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound? Minimum 3-4 sentences may be required for this part.</p>	<p>1. What is the dose of RDF (N, P₂O₅ and K₂O) applied?. Mention in the abstract and in subsection of Materials and Methods. 2. Add the initial soil test values if available in Materials and Methods.</p> <p>Article is written well. Results are elaborated scientifically in details. Very exhaustive and excellent information had been collected from this one year research. Indeed this article is well deserved for publication in the Asian Journal of Soil Science and Plant Nutrition.</p>	
<p>Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>-</p>	<p>Yes</p>	
<p>Minor REVISION comments</p> <p>Is language/English quality of the article suitable for scholarly communications?</p>	<p>3. Correct the words where the two or more words attached together.</p>	
<p>Optional/General comments</p>
