| Journal Name: | Asian Journal of Advanced Research and Reports |
| Manuscript Number: | Ms_AJARR_120923 |
| Title of the Manuscript: | ENERGY EFFICIENCY AND CONSERVATION OF HOTELS IN GHANA: A SYSTEMATIC REVIEW ARTICLE |
| Type of the Article | Systematic Review |

Review Form 3

PART 1: Review Comments

| Compulsory REVISION comments | Reviewer's comment | Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i> |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part. | The review of the chosen papers is done well in details and presented. No of papers chosen is very limited to justify the conclusions | |
| Is the title of the article suitable? (If not please suggest an alternative title) | Yes, the title is quite appropriate | |
| Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here. | I would recommend inclusion of few more studies on the subject to get more clear inferences. | |
| Are subsections and structure of the manuscript appropriate? | Yes. | |
| Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part. | It is an interesting topic which is very relevant in today's world with growing focus on energy conservation and green practices. Hence the article has scientific relevance. | |
| Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. | Yes, the references are recent and good | |
| Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications? | There are few grammatical and sentence errors that need to be corrected | |
| Optional/General comments | Good for publication with few minor corrections | |

PART 2:

| | Reviewer's comment | Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i> |
|-----------------------------------------------------|------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Are there ethical issues in this manuscript? | <i>(If yes, Kindly please write down the ethical issues here in details)</i> | |
