

## Review Form 1.7

Journal Name:	Asian Journal of Education and Social Studies
Manuscript Number:	Ms_AJESS_117072
Title of the Manuscript:	GLOBAL WARMING IN INTERACTION WITH DOMESTIC AND FOREIGN INVESTMENT – A CASE FOR INDIAN ECONOMY
Type of the Article	

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p><b>Compulsory REVISION comments</b></p> <p>1. <b>Is the manuscript important for scientific community?</b> (Please write few sentences on this manuscript)</p> <p>2. <b>Is the title of the article suitable?</b> (If not please suggest an alternative title)</p> <p>3. <b>Is the abstract of the article comprehensive?</b></p> <p>4. <b>Are subsections and structure of the manuscript appropriate?</b></p> <p>5. <b>Do you think the manuscript is scientifically correct?</b></p> <p>6. <b>Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</b></p> <p><b>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</b></p>	<p>1. Yes</p> <p>2. Suggested Title: <b>NAVIGATING CLIMATE CHANGE: THE INTERSECTION OF GLOBAL WARMING, INVESTMENT STRATEGIES, AND INDIA'S ECONOMIC LANDSCAPE</b></p> <p>3. No. The abstract would be strengthened by incorporating specific numerical data to support assertions about environmental impacts and economic implications. It should also provide a clearer outline of the central argument or findings, including details about the research focus, such as the impact on the Indian economy and the role of domestic and foreign investment. Additionally, a brief description of the methodology used would enhance understanding of the study's context and significance. Integrating these elements would improve the abstract's clarity and comprehensiveness, offering readers a concise overview of the article's content and contributions.</p> <p>4. No. Subsections must be rearranged and also abbreviation of the short terms must be provided.</p> <p>5. There is no validation of the data and datas are unclear. Making proper validation and data representation can make it suitable for scientific society.</p> <p>6. References are insufficient write at least 30/35 reference for a suitable journal. Also they must be from recent studies.</p>	
<p><b>Minor REVISION comments</b></p> <p>1. <b>Is language/English quality of the article suitable for scholarly communications?</b></p>	<p>Language quality is poor. Must be improved</p>	
<p><b>Optional/General comments</b></p>	<p>1. How are short-run coefficients and the Error Correction Term (ECT) used to justify the short-run ARDL model?</p> <p>2. What does Table (7) depict in terms of the results of the Error Correction Model?</p> <p>3. What does the ECT value signify regarding long-term causality between FDI, domestic investment, and carbon consumption?</p> <p>4. How is short-run causality examined, and what are the results of the Granger Causality Test depicted in Table (8)?</p> <p>5. What does the Breusch-Godfrey Serial Correlation LM Test examine, and what are the implications of its results in Table (9)?</p> <p>6. How do domestic and foreign investment contribute to carbon emissions, and what are the implications for sustainable development in the Indian economy?</p>
