

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Journal of Advances in Biology & Biotechnology
Manuscript Number:	Ms_JABB_120911
Title of the Manuscript:	Importance of morphological and nutritional characters of foxtail millet
Type of Article :	Review article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<ol style="list-style-type: none">1. All the tables in the manuscript should be prepared in three-line format.2. More descriptions of the health benefits of millet in section 4 should be provided. Specifically, a table including research methods, key results, and references of anticarcinogens, antihyper glycemic, antihypertensive, antioxidants and anti-inflammatory properties of millet could be used. This part is very important for readers to understand the nutritional values of millet.3. The conclusion should be further revised to make it more informative for readers.4. Please check the spells, language, and grammars carefully through the manuscript.
