Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.	Like, with this study, readers are expected to understand that the impact of rising tax revenues has an effect on public investment. In addition, the government in offering to the public for investment, especially agribusiness, has a great opportunity to open job vacancies. Investors will be happy to make promising investments and high security will get a profit for the future for the public.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, it is suitable	
Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, it is suitable and the article is good to read and increase knowledge	
Are subsections and structure of the manuscript appropriate?	It is appropriate	
Please write few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound? Minimum 3-4 sentences may be required for this part. Silakan tulis beberapa kalimat mengenai kebenaran ilmiah dari naskah ini. Mengapa berpikir bahwa naskah ini kuat secara ilmiah dan sehat secara teknis? Minimal 3-4 kalimat mungkin diperlukan untuk bagian ini.	In this study, it is hoped that if the impact of tax revenues increases and with clear government programs in the agricultural sector, then there will be many public investors to join, because it is seen from the data of 10 years that it has a lot of influence besides that the data presented is very supportive in this study along with the methodology used	
Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. -	References are enough, there are only a few old ones (in 2012, 2013, 2014, 2015), maybe they can be replaced with the latest ones	
Minor REVISION comments Is language/English quality of the article suitable for scholarly communications?	NONE	
Optional/General comments	In the abstract, this research is explained from 1999 to 2023, while in the article it is explained for data and population from 2013 to 2023, if possible, the data is consistent, and which is correct... so that readers do not misinterpret
