<u>Compulsory</u> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	It will add to knowledge on this nearly forgotten component of the learner which has a significant contribution students learning.	
Is the title of the article suitable? (If not please suggest an alternative title)	YES	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	YES	
Are subsections and structure of the manuscript appropriate?	YES	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The analysis is okay, just that I have not actually seen the quantitative and qualitative being merged	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	somhow	
<u>Minor</u> REVISION comments Is the language/English quality of the article suitable for scholarly communications?	The language is okay, just that I suspect the use of AI.	
<u>Optional/General</u> comments	The study design is not explicitly stated. The midpoint of 2.5 on the four point likert scale is confusing and should be made clear. Some grammar checks need to be done. Use the normal "and" when the names come before the narrative. Sig. values of .000 should be reported as < .001 and 0.850 should be reported as .850
