

Review Form 3

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_121960
Title of the Manuscript:	The Potential of Indigenous Technological Knowledge for Sustainable and Climate-Resilient Agriculture
Type of the Article	Review Article

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The manuscript may be useful to the scientific community as it may throw light on certain age-old practices followed traditionally in farming. Those practices could be verified regarding their scientific validity so that selected practices could be blended with modern technology for exploring and framing sustainable practices. Therefore, the manuscript has been found suitable.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title of the article is found suitable.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The length of the abstract is sufficient. But keywords should be only individual words instead of pair words or like phrases. May write viz Climate, Resilient, etc.	
Are subsections and structure of the manuscript appropriate?	Good	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Even though it is difficult to verify the authenticity of the manuscript without carrying out research, the reviews cited support the scientific truth of the same. It seems to have a list of practices that could be useful for climate resilience and seems to be technically sound.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	It is adequately mentioned.	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Suitable language has been used	
Optional/General comments	Paper could be useful to many, if published.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<u>(If yes, Kindly please write down the ethical issues here in details)</u>
