<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>It needs to be reviewed. There are many spelling and grammar issues.</p>	
<p>Optional/General comments</p>	<p>It is a good manuscript however, there are a few issues, the author did not mention which type of DM he focused on in the study. The sample size was not mentioned clearly in the material and methods section. It is better to mention the key answers to the questions in the discussion section, other studies to support his findings should be mentioned. It is better to mention the weaknesses and strengths points of his study</p>
