PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Epidemiological interest: postmenopausal manifestations constitute a frequent reason for gynecological consultation Therapeutic interest: the problem of treating certain women with postmenopausal manifestations with TSH hormone replacement therapy	
Is the title of the article suitable? (If not please suggest an alternative title)	Very correct wording of the title in relation to the subject covered	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	No correction to be made	
Are subsections and structure of the manuscript appropriate?	My suggestions are methodological. The study design must correspond to a case control survey and not a descriptive cross-sectional study. The parameters to be evaluated must be the radio odds (OR) and the Pearson CHI-2	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The content of the introduction is consistent with the data from the literature review. The calculation of ch-2 shows in most cases that there is a statistically significant association with $p < 0.05$	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References largely sufficient for presentation of the manuscript	
Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	No correction to be made	
Optional/General comments
