

**Review Form 3**

Journal Name:	<b>Journal of Scientific Research and Reports</b>
Manuscript Number:	<b>Ms_JSRR_120943</b>
Title of the Manuscript:	<b>Exploring the impact of spirulina platensis supplementation on growth performance, hematological parameters, serum biochemical parameters, digestive enzyme activities, carcass composition and antioxidant défense mechanisms in giant gourami (osphronemus goramy)</b>
Type of the Article	

### Review Form 3

#### **PART 1:** Review Comments

<b>Compulsory</b> REVISION comments	<b>Reviewer's comment</b>	<b>Author's Feedback</b> <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This experiment can provide valuable information for improving fish health, optimizing feed, and enhancing the sustainability and profitability of aquaculture operations	
Is the title of the article suitable? (If not please suggest an alternative title)	The title is very long. Suggested title: (Impact of <i>Spirulina platensis</i> Supplementation on Growth, Health, and Antioxidant Defence in Giant Gourami ( <i>Osphronemus goramy</i> ))	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is suitable.	
Are subsections and structure of the manuscript appropriate?	No, I make my suggestion within the text	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The study covers multiple important parameters, including growth performance, haematological and serum biochemical parameters, digestive enzyme activities, carcass composition, and antioxidant defense mechanisms. This comprehensive approach ensures a thorough evaluation of Spirulina's effects on giant gourami.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references are too much. They must minimize them.	
Minor REVISION comments  Is the language/English quality of the article suitable for scholarly communications?	Yes	
<b>Optional/General</b> comments	Please do all the comments in the entire manuscript text.	

#### **PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
