

Editor's Comment:

I have carefully reviewed it. However, I must bring to your attention that there are some issues that need to be addressed. The references section does not include the sources mentioned within the manuscript, and the references themselves are not in alphabetical order as required by APA style. These errors need to be corrected to maintain the academic integrity and reputation of the journal. Unfortunately, I cannot approve the manuscript in its current state.

Editor's Details:

Dr. Arzu Alvan Bozdereli
Associate Professor, Cyprus Science University, Cyprus.
