PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<p>Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.</p>	<p>This manuscript focus on examining prevalence in students living in a school environment. This will help to inform policy and add to the body of knowledge in malaria research in the community. I like the manuscript because it is well written and it is original research. I dislike the manuscript because data was collected only during one period. It would have been more interesting if authors collected data during different periods based on the school calendar (starts of school, end of school periods and so on) and compare the prevalence based on this periods.</p>	
<p>Is the title of the article suitable? (If not please suggest an alternative title)</p>	<p>Yes, the title is suitable, however it could be revised to make it readable as a concise sentence without punctuation (full stops)</p> <p>Alternative title: Prevalence of malaria in the University of Uyo hostel in Akwa Ibom State, Nigeria</p>
