

Review Form 3

Journal Name:	Asian Journal of Research in Crop Science
Manuscript Number:	Ms_AJRCS_121086
Title of the Manuscript:	Yield of lettuce fertilized with hairy woodrose (<i>Merremiaegyptia</i> L.) plus poultry manure.
Type of the Article	

Review Form 3

PART 1: Review Comments

<u>Compulsory REVISION comments</u>	Reviewer's comment	Author's Feedback (<i>Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here</i>)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The manuscript is very important at present day context because the authors have given more emphasis on use of organic manures which ultimately put positive impact on human and other animal health and environment.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title may be written as 'Impact of application of Hairy Woodrose (<i>Merremiaegyptia</i> L.) and poultry manure on the yield of Lettuce'	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Preferably the abstract should be confined to 250 words.	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The manuscript is scientifically correct. Statistical analysis was done and properly discussed in brief.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Some of the references are older than ten years. If possible, recent study references may be included	
<u>Minor REVISION comments</u> Is the language/English quality of the article suitable for scholarly communications?	Yes	
<u>Optional/General comments</u>	<ol style="list-style-type: none"> 1. The citation numbers should be superscript 2. Complete the incomplete sentences 3. Need not to put comma between two citation numbers used in Statistical analysis 4. Write et.al in italic 5. The conclusion is too short. It should include some suggestions and policy making comments. 6. The author should read the manuscript and make some corrections in the highlighted points. 7. The references should be given as per the guideline of the journal.
