Review Form 3

PART 1: Review Comments

| Compulsory REVISION comments | Reviewer's comment | Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i> |
|---|---|--|
| Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part. | The paper addresses important issue of the impact of leadership styles on students' academic achievement, hence it is relevant to scientific community. Leadership styles in the educational system is very important since it has to do with not only achievement but also attitude and entire process of teaching and learning. | |
| Is the title of the article suitable? (If not please suggest an alternative title) | Educational Leadership and Learners' Academic Achievement in Secondary Schools in Developing Countries: A Critical Review | |
| Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here. | There should be statistical data added to the abstract. | |
| Are subsections and structure of the manuscript appropriate? | No. There is need to add design, sample, method of data analysis and statistical data analysis to paper since it is a survey. | |
| Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part. | The manuscript discusses the issue of leadership styles and academic achievement at secondary school level. Secondary school is a very strategic level of education, therefore issues that affects education at that stage need to be seriously given attention. With good methodology the manuscript would make significant contribution to education. | |
| Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. | Yes. | |
| <u>Minor</u> REVISION comments Is the language/English quality of the article suitable for scholarly communications? | Yes. | |
| <u>Optional/General</u> comments | Design, sample, method of data analysis and statistical data analysis should be added to paper since it is a survey. The countries where the study was carried out should also be included. | |

Review Form 3
