Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This article highlights the impact of orthodontic devices on microbial balance in the mouth, potentially influencing oral health, disease progression, and treatment outcomes, thereby guiding better clinical practices and patient care.	
Is the title of the article suitable? (If not please suggest an alternative title)	Suitable my suggestions-Orthodontic Appliances and Microbial Dysbiosis: Insights and Implications	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	1.Add level of microbial attachment on labial brackets versus lingual brackets 2.elaboration on removable orthodontic appliances and retainers 3.Explain the level of microbial attachment after wearing of fixed functional appliance like forsus etc	
Are subsections and structure of the manuscript appropriate?	Appropriate	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Highlight the clinical implications of the findings. Discuss how changes in the oral microbiome due to orthodontic appliances can affect oral health outcomes, treatment strategies, and patient management.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	sufficinet	
Minor REVISION comments	Good	
Is the language/English quality of the article suitable for scholarly communications?		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
