PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This research aims to determine if applying micronutrients directly to cauliflower leaves can increase crop yield under controlled greenhouse conditions. By comparing the treated plants to untreated ones, the study will assess the economic viability of this approach by calculating the benefit-cost ratio. Ultimately, this research could provide valuable insights for farmers seeking to optimize cauliflower production and profitability in polyhouse environments.	
Is the title of the article suitable? (If not please suggest an alternative title)	Suitable,	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	ok
