PART 1: ReviewComments

Compulsory REVISION comments	Reviewer's comment.	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The increase in the fish production and sales will increase food security for smallholder fish farmers and this will contribute towards the achievement of sustainable development goals 1 (No poverty) and 2 (No hunger). The successful contribution towards the achievement of these SDGs is important for the academic or scientific community.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title is suitable. I suggest that the author/sshould include the country of the study on the title.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is comprehensive and includes the key contents of the abstract.	
Are subsections and structure of the manuscript appropriate?	All the subsections and structure of the manuscript is appropriate.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Introduction- The introduction is not referenced, it does not indicate the research gap, research objectives and research questions to be addressed by the article. Methodology- What is the research design of study and kindly include an overview of the study area. Results and discussions- Please divide this section into two subsections per the title. See my comments in track changes. The results are not discussed at all.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references are recent, but they are not sufficient. Only 5 references were cited in the article. This doesn't provide sufficient theoretical grounding.	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments	None	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
