Journal Name:	Asian Journal of Research in Cardiovascular Diseases
Manuscript Number:	Ms_AJRCD_120431
Title of the Manuscript:	“The Ross Procedure for Laubrey-Pezzi Syndrome: Surgical Success and Post-Operative Neurological Challenges”
Type of the Article	

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.	The article is valuable to the scientific community because it discusses a rare congenital heart disease. It also discusses the surgical procedures performed on the patient. Furthermore the article discusses a complication that occurred in this particular patient which is important to look out for following such procedures and in patients with these risk factors	
Is the title of the article suitable? (If not please suggest an alternative title)	Title is appropriate	
Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, the abstract is comprehensive Suggestions: 1. Create a separate header for Abstract 2. Remove space between abstract and : 3. Line 7: change "the case" to "this case"	
Are subsections and structure of the manuscript appropriate?	Yes subsections are appropriate	
Please write few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound? Minimum 3-4 sentences may be required for this part.	The author describes the abnormalities associated with Laubrey-PESI syndrome. There is factual data about the Ross procedure. There is also a mention of the expected or anticipated complications that might occur.	
Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.	References are sufficient	

Review Form 3

<p>Minor REVISION comments</p> <p>Is language/English quality of the article suitable for scholarly communications?</p>	<ol style="list-style-type: none"> 1. Paragraph 2, line 10: insert comma between the word "procedure" and "due" 2. Paragraph 3 line 1: this sentence - "The patient, followed since birth for Laubrey-PESI syndrome, underwent surgery at the age of 1 year for closure of a ventricular septal defect (VSD)." - should be changed to- "The patient known with Laubrey-PESI syndrome since birth, underwent surgical closure for a ventricular septal defect (VSD) at the age of 1 years old." 3. Paragraph 3 line 2: insert the word "an" between "for" and "aortic" 4. Paragraph 3, line 7: insert a comma between the words "dilated" and "hypertrophied" 5. Paragraph 3, line 10/11: this sentence- "The workup showed microcytic hypochromic anemia at 11 g/dL with a CRP of 10 mg/L." – should be changed to- " The work up showed a microcytic hypochromic anemia with a haemoglobin of 11g/dL and a CRP of 10 mg/L" 6. Paragraph 3, line 12: change the word "by" to the word "with" 7. Paragraph 3, line 15: change "fig4" to "Figure 4" 8. Page 2: " change "fig 1" to "Figure 1" 9. Page 2, figure 1: change "ventricule" to "ventricle" 10. Page 2, change "fig 2" to "Figure 2" 11. Page 2, figure 2: add "Hg" to "65mm" 12. Page 2: change "fig 3" to "Figure 3" 13. Page 2: change "fig 4" to Figure 4" 	
<p>Optional/General comments</p>	<p>Interesting read with good discussion on the Laubrey-PESI syndrome and the Ross procedure</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
