

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Journal of Engineering Research and Reports
Manuscript Number:	Ms_JERR_125722
Title of the Manuscript:	Study of radio reconnaissance receivers designed on the basis of solid-state filters
Type of Article :	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
The authors have made substantial corrections and modifications to the paper in accordance with the review, significantly enhancing its quality and achieving the level required for publication. Only final adjustments remain, including expanding the conclusion to discuss the study's results, the achieved objectives, and potential future research directions in the field. I recommend that the paper be published following these revisions to the conclusion, without the need for an additional review.
