

**Review Form 3**

Journal Name:	<a href="#">Annual Research &amp; Review in Biology</a>
Manuscript Number:	Ms_ARRB_126236
Title of the Manuscript:	<b>A Study on Fishing Gear and Methods commonly used at an Oxbow lake of South-West Bangladesh</b>
Type of the Article	<b>Original Research Article</b>

**Review Form 3**

**PART 1: Review Comments**

<b><u>Compulsory</u></b> REVISION comments	Reviewer's comment	<b>Author's Feedback</b> <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This article is important to limit the type and number of fishing gear operating at the research location with the aim of maintaining the sustainability and conservation of resources and avoiding illegal fishing gear.	
Is the title of the article suitable? (If not please suggest an alternative title)	it's suitable	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	there are some suggestions, please look at the script	
Are subsections and structure of the manuscript appropriate?	should be arranged in the order of the objectives of the research carried out	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	This research involved many respondents so the results were more accurate. The activity of identifying the type of fishing gear in an area requires sufficient time, energy and funding. The results of interviews and identification can be used as recommendations to the government and society. This is of course very important in the development and management of fisheries at the research location	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	There should be more references related to the substance of this research	
<b><u>Minor</u></b> REVISION comments  Is the language/English quality of the article suitable for scholarly communications?	it's suitable	
<b><u>Optional/General</u></b> comments		

**Review Form 3**

**PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
