| <u>Minor</u> REVISION comments Is the language/English quality of the article suitable for scholarly communications? | Language quality of paper is having major issues. | |
| Optional/General comments | <p>Author has to reframe the review article regarding the English language.</p> <p>This manuscript is explaining about the plastic pollution and its impact on environment and biodiversity. As we know the loss of the biodiversity raises the lot many ethical questions on human being and their responsibility regarding the protection of natural resources and their sustainable use. Plastic is a non-biodegradable polymer, so at the end of life cycle it persist in the environment and affect the environment in various way like leaching of toxic components, blocking the ecosystem and by contributing in green house gas emission etc.</p> | |
