Journal Name:	Asian Journal of Medicine and Health
Manuscript Number:	Ms_AJMAH_122515
Title of the Manuscript:	Exploring noncompliance & alternative practices in Breastfeeding: Implication for infants health and development
Type of the Article	

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The article is timely and necessary following the fact that exclusive breastfeeding is one of the most effective ways to ensure child health and survival.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes it is.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	I suggest a recap of the first sentences of the conclusion, since it is a repetition of the study findings stated earlier.	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	This is scientific because of the objective reasoning, accurate methodological process adopted and unbiased findings.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. :	There are not sufficient however, they are recent to some extent. In addition, many authors quoted in the body of the work were not referenced. I suggest additional literature from; Patil DS, Pundir P, Dhyani VS, et al. (2020). A mixed-methods systematic review on barriers to exclusive breastfeeding. <i>Nutr Health</i> (26): 323–46. Snyder, K., Hulse, E., Dingman, H. et al. (2021). Examining supports and barriers to breastfeeding through a socio-ecological lens: a qualitative study. <i>Int Breastfeed Journal</i> (16), 52 https://doi.org/10.1186/s13006-021-00401-4 .	
Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments	The paper should be accepted after addressing some issues raised and the corrections pointed out, in-text effected.	

Review Form 3
