Type of the Article	

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Water chestnut is a widely used dietary product, thus review of its nutritional and medicinal properties is need of an hour. Also with the rise in use of different nutraceuticals, inclusion of such potent dietary factors may not only improve nutrition but also help in increasing immunity. This manuscript gives a birds eye view on uses and underlines medicinal benefits of <i>Trapa natans</i> , so this can be proven as a basis to further pre clinical and clinical studies.	
Is the title of the article suitable? (If not please suggest an alternative title)	No "A Review on the Importance, Nutritional Value, and Uses of Water Chestnut (<i>Trapa natans</i> var. <i>bispinosa</i> Roxb.)" this can be a better title	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	No Need of the study, background and search methodology is lacking. There are some spelling mistakes and grammatical errors.	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	This is a good effort to evaluate a plant for its wide uses. Authors have decided to work on easily available, highly market yet scientifically unexplored plant to review its wide benefits. This review may be pioneer further researches in per view of nutraceutical benefits of <i>Trapa natans</i> .	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes	
Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	Language can be rechecked, use of scientific words and grammatical corrections are needed.	
Optional/General comments	Nil
