

Review Form 3

Journal Name:	South Asian Journal of Research in Microbiology
Manuscript Number:	Ms_SAJRM_127048
Title of the Manuscript:	Treated Wastewater by some Microalgae for Irrigation
Type of the Article	Original Research Article

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Water is the elixir of life so recycling of water is a primary requisite and a priority for sustainability of water resource for future generations. This manuscript contains the necessary information for phycoremediation of waste water which will be really useful for the society.	
Is the title of the article suitable? (If not please suggest an alternative title)	"Recycling of water by microbial treatment – a scientific approach to preserve the elixir of life"	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	It was comprehensive and conclusive	
Are subsections and structure of the manuscript appropriate?	Yes appropriate	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The author has clearly given statistical collection of data and how microbes play a part in removal of unwanted mineral contents like heavy metals and also how they help in maintaining NPK levels making the water recyclable and reusable especially for irrigation purposes. Thus I found the study really useful to the community at large.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Sufficient	
Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	English was simple, apt, easy to understand	
Optional/General comments	Recommended	

Review Form 3

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
