

Review Form 3

Journal Name:	International Journal of Research and Reports in Hematology
Manuscript Number:	Ms_IJR2H_127076
Title of the Manuscript:	Determination of knowledge level, Prevalence of Distributive Frequency and numerical ratio of Secretion and Non-secretion status of ABH Antigenic Substances using Saliva, Plasma and Urine Samples among Apparently Healthy Individuals in Bamenda II Municipality, Northwest Region, Cameroon.
Type of the Article	Original Research Article

General guidelines for the Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. Review Form 3

PART 1: Review Comments

<u>Compulsory</u> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This study aims to analyze the prevalence and frequency of secretor and non-secretor status of ABH substances in female and male groups in Bamenda II Sub-divisional council, North West Region, Cameroon. The findings will fill a knowledge gap and equip stakeholders to correct abnormalities and implement measures to prevent risks. The study is expected to contribute to the scientific community and humanity.	
Is the title of the article suitable? (If not please suggest an alternative title)	Suggested title: Assess knowledge level, distribution frequency, and numerical ratio of secretion and non-secretion status of ABH Antigenic Substances among healthy individuals in Bamenda II Municipality, Northwest Region, Cameroon.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The summary is comprehensive, but you need to study and integrate some of the paragraphs that were mentioned in the body of the article	
Are subsections and structure of the manuscript appropriate?	Yes, but the structure of the article is not appropriate for writing international articles, as the author shows us that the article resembles a doctoral thesis or a master's thesis.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The manuscript is technically sound, but it needs some minor modifications, which are attached to the body of the article	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes	
<u>Minor</u> REVISION comments	Yes	
Is the language/English quality of the article suitable for scholarly communications?		
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
