Title of the Manuscript:	The Role of Artificial Intelligence (AI) in Enhancing Cybersecurity for Educational Technologies in US Public Schools
Type of the Article	

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This manuscript is significant for the scientific community as it addresses a critical intersection of AI, cybersecurity, and student data privacy in educational settings—a growing area of concern given the increased digitization of schools. It provides comprehensive insights into how AI enhances security while highlighting ethical considerations and regulatory compliance, which are vital for balanced, responsible AI adoption in schools. The manuscript also contributes practical solutions and case studies that show real-world applications, offering a strong foundation for further research and practical policy development. Overall, it is a thorough and timely analysis that could benefit researchers, policymakers, and educational institutions alike.	
Is the title of the article suitable? (If not please suggest an alternative title)	Here's a suggested alternative: "Artificial Intelligence in Cybersecurity for Educational Institutions: Enhancing Threat Detection, Privacy, and Compliance Amid Ethical Challenges"	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	<ul style="list-style-type: none"> • Include a Clear Objective: Start with a concise statement of the purpose of the study. For example, "This manuscript explores the transformative role of Artificial Intelligence (AI) in enhancing cybersecurity measures in educational institutions." • Brief Methodological Insights: Mention any specific case studies or examples, such as the cases of Chicago and Miami-Dade schools, to provide context on how AI technologies were implemented. 	
Are subsections and structure of the manuscript appropriate?	Overall, the subsections and structure appear appropriate,	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	This manuscript demonstrates scientific robustness and technical soundness through its comprehensive literature review and reliance on credible sources, such as peer-reviewed articles and case studies, which support its arguments. The inclusion of specific examples from educational institutions like Chicago Public Schools and Miami-Dade County Public Schools provides empirical evidence of AI's effectiveness in enhancing cybersecurity measures. Furthermore, the manuscript addresses not only the benefits of AI technologies but also the ethical considerations, challenges, and compliance issues, showcasing a balanced and nuanced understanding of the topic. This thorough examination of multiple facets related to AI in cybersecurity within the educational sector underscores its relevance and importance, making the manuscript a valuable contribution to the scientific community
