

**Review Form 3**

Journal Name:	<a href="#">International Journal of Environment and Climate Change</a>
Manuscript Number:	Ms_IJECC_126938
Title of the Manuscript:	Climate Change And Its Economic Impacts In Mexico
Type of the Article	Original Research Article

**PART 1: Review Comments**

<b>Compulsory</b> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The manuscript "Climate Change and Its Economic Impacts in Mexico" delves into the critical issue of climate change's far-reaching consequences on Mexico's economy. This research sheds light on the vulnerability of key sectors like agriculture, water, health, biodiversity, etc. to climate-induced events. The author(s) have tried to present temperature and precipitation anomalies to bring about their point of view. The manuscript should provide more recommendations for all stakeholders are warranted to provide insights for policymakers, researchers, and stakeholders to navigate the economic challenges posed by climate change in Mexico.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, the title of the article is suitable.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, the abstract of the article is comprehensive. The first part of it could be titled as Introduction.	
Are subsections and structure of the manuscript appropriate?	Additional subsections titled Recommendations and Future Scope of Study may be added in the manuscript after Conclusions section.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The submitted manuscript titled "Climate Change and Its Economic Impacts in Mexico" is scientifically correct. It analyses the results from IPCC reports and other scientific literature to put forward the concern of climate change impacts on Mexico. The manuscript clearly defines the scope and methodology of the research, including the specific climate change scenarios and economic projections. The analysis is based upon robust scientific evidence, citing trusted sources and peer-reviewed studies. The manuscript presents a comprehensive assessment of the potential economic impacts of climate change on various sectors in Mexico, such as agriculture, water, health, biodiversity, etc.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	A few more recent references (from the last 4-5 years) may be added to the literature review to compare similar recent work being done elsewhere.	

### Review Form 3

Minor REVISION comments		
<b>Is the language/English quality of the article suitable for scholarly communications?</b>	Yes, the language/English quality of the article is suitable for scholarly communications.	
<b>Optional/General</b> comments	<b>Additional comments:</b> <ul style="list-style-type: none"><li>• The first part of the abstract could be titled as Introduction.</li><li>• Figures 4 and 5 should be properly arranged.</li><li>• The manuscript should discuss the uncertainties and limitations of the research, acknowledging the complexity of the issue and the potential for future changes in climate projections and economic models.</li><li>• The author(s) should add sections pertaining to recommendations and future scope of the study after the conclusions section, describing in brief how this current research can help in future agricultural research and related policies.</li></ul>	

### **PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
