Review Form 3

PART 1: Review Comments

| Compulsory REVISION comments | Reviewer's comment | Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|--|---|
| Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part. | This manuscript is significant for the scientific community as it provides a comprehensive analysis of Saudi Arabia's Vision 2030, covering its multidisciplinary aspects, including technology, policy, societal dynamics, and economic transformation. | |
| Is the title of the article suitable? (If not please suggest an alternative title) | Yes, it is suitable as it is effectively explaining the main themes and clearly conveys the focus on Saudi Arabia's Vision 2030 and the integrated approach involving technology, policy, and social transformation. | |
| Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here. | One addition should be a sentence on the methodology employed. For example case studies, literature review would also enhance the abstract's clarity regarding the paper's approach. | |
| Are subsections and structure of the manuscript appropriate? | Yes, structure and subsections are appropriate and follow a logical flow, beginning with foundational aspects of Vision 2030 and then delving into specific areas like technology, policy, societal changes, and case studies. | |
| Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part. | The manuscripts appear scientifically robust and technically sound, as it provides data-backed insights and explores each pillar of Vision 2030 with adequate detail and analytical rigor. The manuscript's grounding in specific metrics and recent sources contributes to its credibility, making it a reliable document for researchers and practitioners in the fields of sustainable development, economics, and public policy. | |
| Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. | The references are sufficient, relevant, and relatively recent, particularly those relating to sustainability, AI, and Saudi Arabia's economic policies. | |
| Minor REVISION comments | | |
| Is the language/English quality of the article suitable for scholarly communications? | Yes, it is suitable for scholarly communication. | |
| Optional/General comments | | |

PART 2:

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|---|--|--|
| Are there ethical issues in this manuscript? | <i>(If yes, Kindly please write down the ethical issues here in details)</i> | |
