Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	A rare bleeding disorder, but it is the most common platelet qualitative disorder. This is a good case	
Is the title of the article suitable? (If not please suggest an alternative title)	Appropriate	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Acceptable	
Are subsections and structure of the manuscript appropriate?	Acceptable. I don't think the treatment provided need to appear in a table, rather can be mentioned in text.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	How did they diagnose as BSS. Have they done other coagulation test including LFT, PT/INR, aPTT, TT and Fibrinogen to rule out associated systemic problems including Chronic liver disease, DIC or active sepsis. Immune thrombocytopenia is much more common and Differential diagnosis to be considered in this case. Family history not very clear. Have they done Platelet function test or Flow cytometry for diagnosing BSS. Genetic testing – Whole exome sequencing been done for counselling. Scientific rational of Vitamin C in this case.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. =	Acceptable
