| <p>I would encourage the author to expand on the methodology as this aspect of the study appears underdeveloped. The methodology section seems to be lacking in detail. It would be beneficial if the author could provide further information on the parameters used, such as an explanation of how they were selected and why they were deemed relevant. Furthermore, a discussion on the limitations and possible drawbacks of the chosen method would help to better understand the validity of the findings.</p> | <p>-The methodology has been added to the page 17-18.</p> <p>-The parameters used in the study have been well elaborated in the page 18-19</p> <p>-The Limitations and Possible Drawbacks of the Method have been added to the page 26-28</p> <p>All comments have been highlighted yellow</p> |
