Manuscript Number:	Ms_JAERI_126624
Title of the Manuscript:	Evaluating Poultry Litter as a Feed Supplement: Perspectives of Ghanaian Livestock Farmers
Type of the Article	

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The manuscript is good considering the usefulness of poultry litter as alternate feed supplement and its importance for cattle and sheep, goat farmers.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The manuscript is well written, analysis is appropriate and well discussed with prior findings.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. :	There are some serious concerns about reference part. References are old, and not properly cited. In most of the references, volume and page number is missing and this makes them unauthentic. Moreover, many of them couldn't be found on internet. Many references are double/unidentifiable. Even if they are different with same author name then a, b etc should have been used.	
<u>Minor</u> REVISION comments Is the language/English quality of the article suitable for scholarly communications?		
<u>Optional/General</u> comments	The article can't be published unless proper references are cited. Other corrections are marked in the reviewed file itself.
