

### Review Form 3

Journal Name:	<a href="#">Journal of Advances in Medical and Pharmaceutical Sciences</a>
Manuscript Number:	Ms_JAMPS_127313
Title of the Manuscript:	Exploring the Impact of Medicinal Plants on Cardiac Health Compared to Standard Pharmaceuticals Available in Bangladesh: A Systematic Review
Type of the Article	Systematic Review

#### **PART 1:** Review Comments

<b>Compulsory</b> REVISION comments	Reviewer's comment	<b>Author's Feedback</b> (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The manuscript is important to the trado-medical community and also to the pharmaceutical industries. The manuscript has delve into the medicinal plants of cardiac importance. Some of this plants are not only present in Bangladesh but also in some other countries and this study also points out some grey areas to other researchers in other countries to go into.	
Is the title of the article suitable? (If not please suggest an alternative title)	A Systematic Review of the Impact of Medicinal Plants on Cardiac Health Compared to Standard Pharmaceuticals Available in Bangladesh.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The Abstract should be divided into four (4) sections: Introduction (Background of the Study), Aim, Methodology and Conclusion.	
Are subsections and structure of the manuscript appropriate?	The sub-sections are appropriate.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Just like I state above, some of these plants are not only present in Bangladesh but also in some other countries and this study also points out some grey areas to other researchers in other countries to go into. The study also points out the standard of researches that have been carried out in the study area on cardiac medicinal plants.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Some of the references are quite old and needs to be updated.	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments		

**Review Form 3**
