Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Bangladesh is a developing country and therefore, requires development of medical services. Being an Asian country gastrointestinal ailments are common in Bangladesh as in other Asian countries. Development of advance teaching and training in Bangladesh is required in some medical specialities, particularly in the field of gastroenterology.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes	
Are subsections and structure of the manuscript appropriate?	To be checked for format, spelling mistakes, spacing and references, which should be according to the journal.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The manuscript concerned is good for indicating the requirement of gastroenterology advancements and training in Bangladesh. Gastroenterology is now fast developing with various technical advancements. Like other Asian countries Bangladesh also requires such training and development. The manuscript indicates the above requirements.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes	
Minor REVISION comments	Yes	
Is the language/English quality of the article suitable for scholarly communications?		
Optional/General comments
