

Review Form 3

Journal Name:	Journal of Scientific Research and Reports
Manuscript Number:	Ms_JSRR_127253
Title of the Manuscript:	Effect of organic manures and bio-fertilizers on growth, yield and quality of Dragon fruit (<i>Hylocereus undatus</i> L.) under western Uttar Pradesh conditions
Type of the Article	Original Research Article

General guidelines for the Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guidelines for the Peer Review process, reviewers are requested to visit this link:

Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	<ol style="list-style-type: none"> 1. This article greatly emphasize on use of organic amendments like formulation and its effect on soil with crop of dragon fruit. 2. It acts as a source for fertility restoration in soil in organic way 3. This gives surplus importance to soil health management with amending only use of biofertilizers. 4. This study brings back the traditional way of preparing organic fertilizer and pave way to soil health. 	
Is the title of the article suitable? (If not please suggest an alternative title)	The title of the paper is appropriate	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, this abstract of this study is quite clear and very well written.	
Are subsections and structure of the manuscript appropriate?	<ul style="list-style-type: none"> - The subsection and structure were clearly elaborated towards Biofertilizers and effect on dragon fruit. - The tables makes it clear and informative to readers 	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	<ul style="list-style-type: none"> - Many research on recent day only be focussing on inorganic fertilizers without concerning soil health. This study makes a better understanding on effect of biofertilizers - The paper has been well written and it is clean. The science is good. 	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references are appropriate however, there are some corrections to be carried out.	
Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	Yes the English language used is technical as per the scientific community requirement	
Optional/General comments	Manuscript is most promising oriented and enriched well. But There are little correction needed in para phrasing, sentence combing, giving space at proper place. Remaining are quite well given. Acknowledgement can be added in the end of the manuscript before conclusion falls. Some reference can be corrected and check if cited. Overall good.	

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
