

Review Form 3

Journal Name:	Asian Journal of Research in Infectious Diseases
Manuscript Number:	Ms_AJRID_126911
Title of the Manuscript:	Prevalence of Antibiotic-resistant <i>Staphylococcus aureus</i> from fomites in a tertiary institution in Ibadan, Oyo State, Nigeria
Type of the Article	Original Research Article

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Study highlights the critical role of fomites in the transmission of antibiotic-resistant pathogens such as <i>Staphylococcus aureus</i> in communal settings. Urgent need for stringent hygiene practices, routine surveillance, and targeted interventions to control the spread of ARSA in environments with frequent human interaction.	
Is the title of the article suitable? (If not please suggest an alternative title)	YES	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	YES	
Are subsections and structure of the manuscript appropriate?	YES	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	This manuscript focuses on prevalence of <i>Staphylococcus aureus</i> which most common organism seen in hospital fomites. <i>Staphylococcus aureus</i> is pathogenic in nature among other organism which can spread among people rapidly. This paper also illustrates the AMR of various antibiotics. This work also suggests the prescriber about the status of AMR in hospital fomites which provides proper attention to prescriber for prescribing appropriate antibiotics as per Antibiotic sensitive testing.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. =	Yes	

Review Form 3

Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	YES	
Optional/General comments	Look the proper spacing among sentences.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes. Kindly please write down the ethical issues here in details)</i>
