

### Review Form 3

Journal Name:	<a href="#">International Journal of Environment and Climate Change</a>
Manuscript Number:	Ms_IJECC_127152
Title of the Manuscript:	Impacts of <i>Mangifera indica</i> (mango) biomass on soil chemical properties in a context of climate change in western Burkina Faso
Type of the Article	Original Research Article

#### PART 1: Review Comments

<u>Compulsory</u> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Manuscript is important but title is not justifying the content. It is not scientifically accurate. "In the context of climate change" should not be in the title of the manuscript.	
Is the title of the article suitable? (If not please suggest an alternative title)	No, "In the context of climate change" should not be in the title of the manuscript. Changes in the soil chemical properties due to <i>Mangifera indica</i> (mango) biomass on the soil in western Burkina Faso	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract could be more concise and more important and relevant points should be added in this section. Abstract should include just introduction, methodology, results and conclusion. Detailed methodology should be in the text and not in abstract.	
Are subsections and structure of the manuscript appropriate?	yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Scientifically, this manuscript is not correct and robust as all experiments should be performed in the triplicates.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	More recent references can be added in the manuscript.	
<u>Minor</u> REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Not upto the mark	
<u>Optional/General</u> comments
