Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Bleeding disorders are a rare but are significant. It is important to be aware of bleeding disorders since they can be life threatening and particularly to screen for then if there is any suspicion based on clinical history or lab reports.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes	
Are subsections and structure of the manuscript appropriate?	Subsection -Case report has been mentioned twice. In my opinion there is no need for it.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Bleeding disorders are largely missed by treating doctors due to lack of sufficient knowledge and lack of availability of adequate testing facilities. This case emphasizes the importance of identifying life threatening bleeding disorders in low resource settings.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes	
Minor REVISION comments	Yes but minor mistakes are there which need to be corrected	
Is the language/English quality of the article suitable for scholarly communications?	A 16-year-old boy presented to the emergency department with and acute subdural Correction-with an acute subdural	
Optional/General comments
