Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	I like, This research is very good because it not only examines the level of crop yield but also the economic value of the product. The economic value of a commodity is very interesting, especially when it is connected to the inputs used to produce the product. The use of nutrient sources primarily from various plant residues and even combining biological elements including local microorganisms is very interesting if explored properly and sustainably.
