

Review Form 3

Journal Name:	Journal of Experimental Agriculture International
Manuscript Number:	Ms_ JEAI_126968
Title of the Manuscript:	Effect of Organic Manures and Biofertilizers on Nodulation, Yield Studies and Quality of Mung Bean (<i>Vigna radiata</i>)
Type of the Article	

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Given the growing demand for chemical-free food and the critical need for regenerative farming practices, this research piece is extremely essential. Legumes are an important crop for nutrient recycling and protein supply throughout the food chain. The combination of the two makes this piece stand out in the current scenario of Indian and global agriculture.	
Is the title of the article suitable? (If not please suggest an alternative title)	Effect of Organic Manures and Biofertilizers on Nodulation, Yield Performance, and Quality Attributes of Mung Bean (<i>Vigna radiata</i>)	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	As in reviewed Manuscript	
Are subsections and structure of the manuscript appropriate?	Yes, suggestive changes have been mentioned in review boxes .	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Given the growing demand for chemical-free food and the critical need for regenerative farming practices, this research piece is extremely essential. Legumes are an important crop for nutrient recycling and protein supply throughout the food chain. The combination of the two makes this piece stand out in the current scenario of Indian and global agriculture. (As SI-1)	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes.	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes, suggestive changes have been mentioned in review boxes .	
Optional/General comments	Recommended for publication	

Review Form 3

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
